Indesign, PDF, and Mobile Apps
through DeQue University

ABOUT ME

A great people-person who loves to help others and enjoys working in a fast-paced environment. I thrive in group settings, and tend to show off my skills in areas of ambiguity.

WORK EXPERIENCE

Michigan State IT Department / Usability Intern

Nov 2019-Current, East Lansing

- Analyzed and remediated university course documents to meet WCAG accessibility standards through systems like Adobe Acrobat Pro, Word, Powerpoint, and D2L
- Met with university faculty to walk through the course remediation process and show them accessibility tools through the MSU Ally program

Michigan State / iOS Design Lab

Aug 2020-Current, East Lansing

- Worked with a team of hand-picked students reaching out to clients and designing digital solutions
- Experiences include prototyping, designing, and leading team members to create apps and other digital content
- Experimented with AR features in a museum-style app through Adobe Aero
- Exposed to many different software programs including Adobe XD, Xcode, and Figma

Fund A Life Nonprofit / Graphic Designer

April 2018-Aug 2019

- Developed a line of online content, such as infographics, posters, and other promotional content
- Worked remotely and communicated with foundation owners and leaders to collaborate in the design process using the Adobe creative suites
